

County Durham Survey of Children & Young People Projects

**Are you running a project for
children and young people (0-24 yrs old)?**

This could be anything from sport, play and leisure projects to healthy lifestyles,
job search or mentoring/counselling activities

**Does the local District Council
support your project?**

Support can be direct cash or indirect (e.g. low rent or free use of a facility, on-going support
from District Officers, or a trustee/board member, etc.)

Then we need you to complete an important on-line survey

and help shape the future of children and young people services in County Durham as part of
the new Unitary Authority.

Please visit the County Durham Every Child matters website at

www.everychildmattersincountydurham.org

and click the link on the front page.
